Name		Would you like to help with the plan? If so please give a contact telephone number

Table Number			
Exercise 1: TOP PRIORITIES			
What do you believe are the top issues and opportunities facing Pucklechurch area over the next few years? What would you like to see happen?			
STEP 1: Use the space below to list your ideas and then rank them in order of importance. You have TWO minutes to do this.			
STEP 2: As a table you have FIVE minutes to come to consensus on the TOP THREE issues			
Issue / opportunity / idea	Rank (1 to 10)

Exercise 3: "On the Buses"		
There is a big emphasis on public transports in the greater Bristol area. Pucklechurch could loose out if we don't use the services. But what would it take to make YOU switch from using your cars to the buses or even to bicycles? Are there other modes of transport that could be viable to reduce car trips such as dial a ride, car pools?		
You work together as a table.		
Your table has 5 minutes to propose the ideas that would make YOU move from your car to an alternative form of transport for at least 20% of your trips.		

Table Number				
Exercise 4: £500,000 to spend				
You work as a table. If you had £500,000 to spend on the Pucklechurch area now would you spend it? You must give realistic estimates of cost to your projects. YOU ALL HAVE TO AGREE ON THE PRIORITIES.				
You Have FIVE minutes to agree. However, <u>after one minute</u> you will have £100,000 DEDUCTED from the amount you have to spend. For each minute after that you will have an additional £100,000 deducted. If you don't agree within the five minutes you will loose your budget!
