Text responses and Comments

Text responses, whether prompted or not, were recorded from each questionnaire. Comments made but not asked for in the question are shown under *Extra Text*.

It was intended that such unprompted comments should appear within “ “ if written on the questionnaire by the respondent, or without quotes if made (usually for clarification) on data entry or analysis. However, please forgive: the use of quotes often not being that discriminate, text not always appearing in the intended columns, and little effort has been made to correct upper/lower case errors on data entry!

Dots ... indicate where text has been omitted in an attempt to avoid causing offence or to preserve the anonymity of the respondent or household.

Answered this question

A question is counted as *Answered* if one or more prompted for responses (tick, number or text) have been made in a questionnaire, but a question is not counted as *Answered* if the only response is an unprompted for comment recorded as *Extra Text*.

Missing questions

Unfortunately, a few of the Individual questionnaires were distributed with a missing page or blank page side, not allowing 17 respondents to answer from 3 to 6 questions. This affected responses to 38 questions on 10 different page sides, from 11 collection Rounds and all 4 village areas. In the worst cases:

The same 4 questions (Q16-19) were missing in 4 questionnaires from Pucklechurch village
(0.38% of the 1055 Individual questionnaires returned from Pucklechurch village)

3 of which were from respondents in the same 75 - 84 age group
(2.9% of the 104 returned from that age group in the whole parish)
and 3 of which were from the same Round 3
(10% of the 30 returned from that Round).

The same 6 questions (Q39-44) were missing from 3 questionnaires
(0.24% of the 1273 Individual questionnaires returned from the whole parish)
from 3 different Rounds, village areas (not Shortwood) and age groups.

The rest of this report analyses the responses in the 594 Household and 1055 Individual questionnaires returned from the Rounds defined previously (see page 4) in Pucklechurch village.

Office comment : This was apparently the most misunderstood question. Rather than entering the number of people in each age group in the relevant boxes, 32 of the Household questionnaires from Pucklechurch village were returned with a tick, cross or a number in the 0 - 4 or 5 - 11 box only. **As it is unlikely that a child or children under 12 years of age were living alone, these responses were not counted.** Possible reasons why this question was misinterpreted:

Perhaps respondents marked the box to represent the number of people in the household;
 or just the number of children in the age groups were indicated; adults not wanting to reveal their age;
 or may be in some cases a Household questionnaire was filled in for an individual only, rather than for the household.

Although the responses with a tick, cross or number in the 0 - 4 or 5 - 11 box only have not been counted in the above analysis, the responses were recorded and are included under *Extra Text* in the table below:

Round	Questionnaire	48 Additional Comments
3	80115	Q5 - my home as are 12 others plus 2 farms are connected to a pipe which takes away surface and roof rain water to Feltham brook. This has been in place for over 57 years. The highway drainage is also connected to this pipe.
3	80125	We would also like Cable as an alternative choice. Speed restrictions are needed on the Westerleigh Road which seems to be the local "drag" track.
4	70101	We should not need a scheme to be a good neighbour
4	70132	When is cable TV likely to be available in Pucklechurch?
7	110139	Better bus service for the elderly e.g. bus to Emersons Green at least twice a week and more pick-up points around the village.
7	110141	I would prefer to have recycling box and green bin collected weekly.
8	10017	Would like to use renewable energy sources.
8	10018	Could lorries on the trading estate switch off or use quieter reversing 'beeps'? Particularly at night.
10	120230	Following on from H8 if we could build a new home in the area we would be looking to use wood, solar power, wind power and geothermal power.
10	120232	We need transport to get from village to Emersons Green and Longwell Green. Why don't we have a bus route to these destinations? Evening bus routes would get our youths out of the village at night, instead of creating problems within village, due to boredom.
11	70605	"It depends on what is available"
11	70608	All the new housing/restoration should be completed with environmental issues taken into consideration, as should be any street lighting. Parking is inadequate now (where adult residents have to run a car in order to get to work, etc.) New housing directives do not take this into consideration. There are few facilities available to residents here compared to those in urban areas. Our green spaces are an asset that should not be sacrificed for any reason. They are a vital part of our community life for all ages.
13	10304	Please could we have Sort-it boxes to be put our bottles & tins in. I live in a flat with 28 in all and there isn't one between all of us.
13	10315	It would be good to have a pedestrian crossing somewhere near the paper shop on Shortwood Rd.
14	70309	Am not aware of geothermal power for domestic use. Might wish to use it if we know more about it.
15	160308	Please do not pass my details onto third parties
16	50112	Parking is a problem and on several occasions our cars have been damaged including being broken into and attempted break-in
18	20517	OF NO RELEVANCE TO COMMUNITY PLAN
19	100616	Need outlet to recycle different plastics and coloured/biodegradable plastic bags for shredded paper
19	100618	Speed reduction needs to be addressed on Abson Road. Crossing road by zebra crossing a danger if sun is in the west, drivers too fast to stop in time if dazzled by sun. Narrow approach with same system in use at Emersons Green. Also make lorries use the ring road to get to motorway not Pucklechurch Wick and Abson

Green % up, red % down by at least 5 percentage points from corresponding % for whole parish.

Summer Survey 2007 - Pucklechurch village: Household Questionnaires Response Counts & Texts

H 10 continued...

<i>Round</i>	<i>Questionnaire</i>	<i>Additional Comments</i>
19	100620	H 3 TO H5. DURING V.HEAVY RAIN THE STORM DRAIN MANHOLE IS FORCED UP AND STORM WATER AND SEWERAGE COMES OUT ALL OVER THE PAVEMENT. THIS HAPPENS BECAUSE BENEATH THE MANHOLE THERE IS A 90% BEND ON A 400MM PIPE SO IT CANNOT HANDLE THE EXTRA WATER DURING DOWNPOORS. HAS HAPPENED TWICE IN 2007 SO FAR, WESSEX KNOW OF THIS BUT NOT THE DETAIL.
19	100623	Can council put pressure on farmers to keep hedges and ditches tidy-and a reasonable height?
21.1	20527	We should make it clear to the relevant bodies, that we do not need their so called planning improvements. They are unnecessary as we need to keep the all too rare way of village life. It is in no way an improvement, to foist upon us, other such instances as a prison, and an industrial/trading estate. These should be located in an area where appropriate roads can be constructed to accommodate them.
21.2	110610	I would like the option to install cable tv.
22.1	20635	TRAVELLERS There has been instances in the Pucklechurch area of travellers buying land and erecting buildings on the land without planning permission. To redress the situation, the local authority then have to go through the legal process which can take many years, with appeals etc. And associated cost to the taxpayer. It should be mandatory that the providers of mains services such as electricity and water must confirm that the building(s) to which they are connecting their services are covered by the current planning permission. Failure to do this should be a serious offence with unlimited fines. ROAD SIGNS There are far too many signs being erected on the roads, leading to drivers who are concentrating on the moving traffic not noting the really important information signs. An example is the 30mph signs at the entrance to the roundabout on the ring road and the derestriction signs on the exit of the same roundabout. What a waste of money ! There is a growing feeling that the people who work in the local authority Road Traffic department have to do something from 8.30am on Monday morning to 4.0pm on Friday afternoon. The erection of signs shows that they have done something and are spending the annual capital budget ! HEDGES ADJACENT TO ROADS There appears to be no control over the height and thickness of hedges growing adjacent to roads. Who is responsible for cutting back these hedges ? RING ROAD The introduction of the 2+ lane on the ring road from 7.0am to 9.30am is a disaster. How anyone in possession of their senses could dream up a plan where 50% of an extremely expensive new road should be denied to most of the road users for the busiest part of the day, is beyond belief ! 9 July 2007
22.2	140601	Pedestrian access from village to pollice station hill and onwards to Shortwood .
22.2	140608	I object to the number of gypsy travellers moving into the area in ever increasing numbers and the local council failing in their responsibility and duty to local council tax payers to enforce planning on green belt land reg.s.

<i>Round</i>	<i>Questionnaire</i>	<i>Additional Comments</i>
23	140634	I would like to create a community spirit in my street but unfortunately during the past 15 years of living next door to my neighbour the only thing I ever think about is how and when I can move away from Pucklechurch. I am kept awake, suffer from litter, light and noise pollution from the sports club, can often see people urinating and staggering to their cars, often beeping their horns and having conversations and fighting in the car park at all hours. Is there law and order in Pucklechurch? Is there a community? Come and live in my house for a month.
24	100701	Community spirit in Pucklechurch is usually good.
24	100710	Walkway/cycle path reqd from Police Station Hill to Ring Road cycleway/walkway
24	100713	! would consider using wind power and/or solar power if the instalation costs weren't too high.
24	100718	I do feel that the money spent on the skateboard park was wasted purely because it was built too far out of the village and there is no suitable parking or drop off place there.
26	20671	There is a problem with under age drinking in Pucklechurch. It is coming from the local shop. This is leading to anti social behaviour and damage. A more effective police presence would HELP, and parentsa should be held accountable for their children's actions. The problem is amongst the 14 - 18 age group. Name & shame + evict nuisance neighbours.
26	20674	A path around Oaktree Avenue.
26	20679	Reduce volume of traffic PASSING through village!
28	170606	I am exploring the use of Solar Panels for my house and I am dismayed to find that VAT is charged! Not encouraging for those who would be willing to help save fossil fuels and the environment.
28	170607	I like being consulted.
29.1	170644	Would be prepared to use renewable energy sources if made available.
29.1	170651	Would be good to have Solar/Wind power in the near future. It would be good if Pucklechurch could be completely energy self sufficient having it's own wind power to supply electricity for the village.
29.2	140680	Bus shelter to Kestrel Drive.
29.2	140683	Pucklechurch is, on the whole, not a bad place to live. We like it
29.2	140689	A post box is needed at top of Oaktree avenue. Ederly people find the hill back tiring
29.2	140690	We have lived happily and safely in Pucklechurch for 34 years. Not much has changed during that time. The most irrataing thing are vans from people's work being parked in our cul-de-sac – a great nuisance.
31	190605	If it were available and affordable I would be prepared to use any green form of energy.
32	170659	More needs to be done to stop any future development in the village as it is nice the way it is and is why it is called a village. Build more houses & Pucklechurch is no longer a village.
36	100856	If politicians pay any attention to this survey I will be amazed.
37	100862	Cannot really predict what sort of energy we will be using in 5 years time; it depends on whether energy reduces in price and what it would cost to transfer to another source of energy. If I had a choice, it would probably be solar poweras I have solar lights in my garden and they produce more than 8 hours of light.
37	100869	Solar & windpower is excellent, but not affordable.

Green % up, red % down by at least 5 percentage points from corresponding % for whole parish.

Office comment : Bear in mind, whilst considering the analyses of age responses and of the responses to other questions by age, that the number of years in each age group varies considerably (to align with the 2001 Census for comparisons). For example one would expect the 2 year 16-17 age group to have much less respondents than the 20 year 25-44 age group.

Q 12	Can you identify other derelict or vacant land locally?		(T)
Round	Questionnaire	Response Locations	42 3.8%
3	70104	Suplus car turning space at end of St Aldams Drive	
3	80150	Land on Westerleigh Road is vacant and could be used for community purposes. I would support a scheme to purchase land for the community to secure the greenbelt around Pucklechurch	
3	80159	Westerleigh Road	
3	80160	Westerleigh Road	
3	80165	pull down the eight garage encroachment at the top of Lansdown Road and build at least twenty for residents in that area giving those who now use the encroachment first choice	
5	110156	If it were derelict it would be more pleasing on the eye! "Garages at the end of Lansdown Road"	
5	110157	The piece of land situated at the end of Lansdown Road can be utilised a lot better. The garages are an eyesore, they need to be replaced and quantity increased.	
8	10027	I feel the detached garages in Lansdown Road are an eyesore and could be tidied up.	
8	10105	Old chapel (centre)	
8	10109	OAKTREE AVAENUE (TOP); ADJACENT TO PUCKLE SPORTS CLUB	
10	10669	Redevelop land at the end of Lansdown Road to allow for new garages and additional parking spaces at school times. Gravel parking area at end of St Aldams Drive - belongs to prison.	
13	10328	"Don't know. Have not lived in this location very long."	
13	20628	Opposite Fleur De Lys	
14	70348	Land owned by south glos adjacent to the trading Estate , at the top of Oaktree Avenue

23	140625	"would like a better doctors surgery"	
23	140632	Land in front of Social Club, St Aldam's Drive - a real eyesore unlooked after by the licensees.	
23	140650	The piece behind Rebekka's Garden has never been tended and needs keeping tidy along with the trees being topped and trimmed (owned by Club). The side of the road where Rebekka was killed is also a mess and has been left untidy for months - it hasn't been cut for months - originally there were meant to be colourful bushes not just bulbs and they wouldn't have needed mowing.	
23	140653	"For development? You MUST leave 'green' spaces."	
24	100721	End of St Aldams Drive,car park/turn round area.	
24	100737	Old prison caravan park by the back of the trading estate.	
24	100750	The 'caravan park' at the end of St Aldams Dr., Waste of space and fence is unattractive and impractical.	
26	20703	All the fields but don't touch them. WE don't want other houses. ... people can go elsewhere. Put house prices down.

Round	Questionnaire	Response	* If you said "No", what needs to be improved:	<i>Extra Text</i>
1	40127	No *	Getting a bit "tatty" now. Ceiling could be higher for badminton club.	
1	40135	No *	Could be utilized more as a smart location to meet together with better multifunctional use. The outside area upstairs is lovely but the social club is NOT a smart place to meet. Use jointly as a commercial coffee shop during the daytime to meet allowing usage for community groups at other times.	
1	40619	No *	Could do with a lick of paint and generally look more inviting	
1	40630	No *	It needs a general clean up and increase varied use. What clubs are available?	
2	10301	No *	More windows for natural light. Mezzanine floor over part of main hall. Improved access for disabled and elderly.	
2	80134	No *	storage and kitchen facilities need improvement	
2	80135	No *	too ageist; fixed attitudes against young people, activities eg bowls and badminton exclude youngsters	
2	80138	Yes	"but it is an eyesore"	
2	80144	No *	"I need to be updated"	
2	80146	No *	"needs modernising"	
3	80149	No *	"needs to be more accessible for all of the community"	
3	80150	No *	" the community centre should be run for the whole community not for small interest groups like short mat bowls"	
3	80151	No *	"needs to be more accessible to the majority of the community"	
3	80155	No *	"a lick of paint inside"	
3	80156	No *	facilities outdated/appearance needs improving	
3	80162	No *	"it offers many facilities, however it seems more important to keep these fully booked to others rather than serve community groups"	
3	80164	No *	"a stage would be a great advantage to various groups who use the hall or would use it"	
3	70104	Don't know	need of modernisation	
3	70139	No *	"It needs a make over. Kitchen larger, stage	
3	80165	No *	"it's old and tired, if you don't drink or play sports what else does it offer - the club upstairs is not accessible to the disabled"	
3	80167	No *	"too much like a prison camp - too tatty"	
3	80170	No *	"needs updating in all areas"	
4	70108	No *		Amongst other comments" a Blot in the centre of a pretty village"
4	70110	No *	Main hall too big, meeting room too small for some activities	
4	70113	No *	upgraded for drama, the roof is high so a second floor should be put	
4	70142	No *	it is very dingy, could well be brightened up with a lick of paint, few pots of flowers or hanging baskets, looks like a prison stuck in the middle of the a lovely village.

5	110116	No *	Not a lot going on for local kids	
5	110156	No *	State of it! Inside and out its dated, dirty and becoming an eyesore!	
5	110158	No *	Needs updating. Its too old needs to be redone.	
7	110164	No *	To make it a more welcoming centre!	
7	110165	No *	Hall itself too large, need to be able to divide it into 2 smaller rooms. Needs a stage, lights, better kitchen facilities.	
7	110170	No *	There could be more for the children to play on. There are only swings, roundabout and slide. Perhaps more swings as there is plenty of room.	
8	10031	No *	IT NEEDS UPDATING, MORE STAFF,	
8	10109	No *	BETTER USE OF MAIN HALL - ABILITY TO BE SUB-DIVIDED SO THAT IT IS LESS LIKE A 'BARN' AND WITH LOWERED CEILING.	
8	10122	No *	Main hall needs a false ceiling to provide a more homely atmosphere	
8	10123	No *	The Community Centre is a blot on the landscape inside & out!	
8	10125	No *	It needs to be updated.	
8	10127	No *	Hall needs attention - Too big for small functions - needs improving to encourage more	
8	10132	No *	The outside of the building in car park & overlooking Rec very untidy.	
9	100642	No *	"The Social Club of the Community Centre is not accessible to wheelchairs or disabled people"	
10	10659	No *	Re-organisation of usage of club to encourage better financial awareness to P.C.A.	
10	10661	No *	It would be useful to make the Community Centre cosier by having a false ceiling (i.e.a netting could be stretched across). Stair lift access to social club above the hall.	
10	10662	No *	Need to update / maintenance of community centre, appearance very poor.	
10	10674	No *	More provision for youth activities.	
10	10678	No *	Under dunded, needs more for young and teenages children.	
11	70631	Don't know	"Rarely use it"	
11	70729	No *	More choice of activities, i.e keep fit class, more for teenagers i.e youth club	
13	10330	Yes		"Too big sometimes"
13	20628	No *	Could do with decorating and refurbishing	
13	20629	No *	Updating in all areas.	
13	20631	No *	Something to be done to interest young people off the street.	
14	70335	No *	Inflexible, unwelcoming, limited use , perminent stage, car parking, lighting	
14	70347	No *	lack of proper stage, lack of air in the meeting room,the Hall is unatractive as a letting venue.	
14	70348	No *	Proper stage,Better friendly Foyer, Better meeting room with ventilation	
14	70353	No *	The building does not inspire people to come in. The entrance is quite intimidating. The inside needs cheering up.

8	10125	No *	It is dangerous as too many drivers try to beat the chicanes.	
8	10130	No *	I believe it makes problems more dangerous as cars don't always stop giving right of way. On may occasions you have to move out of the way or stop completely. Speed bumps I feel are more effective.	
8	10131	No *	It just creates a problem because not all cars coming the other way stop when they are supposed too! Speed bumps would be better	
8	10132	No *	Cars parked on side of road no clear view to see if oncoming cars/lorries etc.	
9	120202	No *	The single traffic lane areas increase the danger because oncoming cars jump them rather than wait to give way.
